**Don't Close Your Eyes**

**Music:** Marcel Geven - **Lyrics:** Marcel Geven

When the love leads to your heart  
A soul's on a long way home  
Don't turn around  
move on  
you gotta keep runnin'  
So trust in love  
I will let you see  
we can be free

We can send a man to the moon  
But we can't cure our world  
Don't close your eyes  
Don't close your eyes

Look above touch the rain  
Little teardrops on you face  
Try to force this world to stand up for love  
And trust in love  
I will let you see  
Now I beg and pray  
We can be free

We can send a man to the moon  
But we can't cure our world  
Don't close your eyes  
Don't close your eyes

I'm so confused I think I've lost my mind  
Don't pretend to be blind
