Wake up, speak your mind  
Show the pain you feel inside  
In the name of love, I say

Spit it out, let it flow  
Don't walk away no more  
Free your mind

I'm crawling  
No I can't breath  
I run away

It feels like  
I can't come back  
To myself

Stand up, hold on tight  
Save your soul and leave the night  
Listen to your heart, I say

Break out, don't you hide  
Leave the road that you can't find  
Breakdown the walls

Keep the Faith, hold on  
Don't give up now
