Livin A Lie

Music: Marcel Geven **Lyrics:** Marcel Geven

You say you need me
But you know that I don't care
Don't say you're mine
I'm not your camel's ride

Face to face
Eyes come closer speak to me
Time will tell
That you don't care at all

And I know now
You can't wait to steal this heart of mine
And I feel your goal is fame

I never said I want you my dear
A lie that you can't live
Cold day's on your way

You make me do things like
I never thought this could be me
Now I know I can't fly
But I feel so alive

There's plenty fish in the sea
Why me
Yeah
Catch me I'm fallin'
It's the kill you love not me
