Over My Head

Music: Marcel Geven **Lyrics:** Marcel Geven

Lay your broken dreams aside
A new day lies ahead
Leave this lonely road and find out
You don't have to be that restless child

So hold me now
Come closer, love me
You're the truth of life

It's over my head my spirit's leavin'
But I'm still alive
It's over my head
I must be dreamin 'you make my heart run wild

Our love became life
Color and pride

Precious stones forever our hearts
I want you to know
We are made as one

My days are cold without you
You give me reason to live
Drive with me to eternity
