

## Beautiful

**Music & Lyrics:** Marcel Geven

Staring at the sun  
My senses in control  
Deeply red reminds me of where I am

A light breeze  
Playing with my mind  
Walkin' through the flames of love

Lying beneath the bright blue sky  
I guess it's not that bad  
It all seems beautiful to me

Sun's reflecting on my very soul  
Fills my heart with destiny  
It all seems beautiful to me

I'm wide awake I feel so alive  
Take my hand and come with me  
Let the wind speak  
You're so beautiful to me

Staring at the sun  
My senses in control  
Dancin' through the flames of love

A sparkle of a naked sky  
The blush of a dancing flame  
Love will light my way
